

Dog Found

In East Lake Dog Park where he had apparently been abandoned. Was spotted wandering in the dog park for at least two days before he was finally rescued around Sept. 28–29th.

Unneutered male, 83 lbs., about 1.5 yrs old, has blue eyes, very sweet and gentle. Sits and lies down on command. Gets along well with my other dogs and cats. Has now had his rabies and combo vaccines. Heartworm negative and on heartworm meds. We named him “Mongo.” He’s a wonderful dog!

If you know anything about this dog or are interested in adopting him, please contact Maggie at libmcm@gsu.edu or call 404-725-0617.
